PART I: Required for all LMHAs

Local Service Area

1) Provide the following information about your local service area. Most of the data for this section can be accessed from the following reports in MBOW, using data from the following report: 2014 LMHA Area and Population Stats (in the General Warehouse folder).

Population	393,738	Number of counties (total)	6
Square miles	4,349	♦ Number of urban counties	0
Population density	91	♦ Number of rural counties	6

Major populations centers (add additional rows as needed):

Name of City	Name of County	City Population	County Population	County Population Density	County Percent of Total Population
Stephenville	Erath	17,123	37,890	35/sq mi	9.62%
Granbury	Hood	7,978	51,182	117/sq mi	13%

Glen Rose	Somervell	2,444	8,694	44/sq mi	2.2%

Current Services and Contracts

- 2) Complete the table below to provide an overview of current services and contracts. Insert additional rows as needed within each section.
- 3) List the service capacity based on FY 2015 data.
- For Levels of Care, list the non-Medicaid average monthly served. (Note: This information can be found in MBOW, using data from the following report in the General Warehouse folder: LOC-A by Center (Non-Medicaid Only and All Clients).
 - For residential programs, list the total number of beds and total discharges (all clients).
 - For other services, identify the unit of service (all clients).
 - Estimate the FY 2016 service capacity. If no change is anticipated, enter the same information as Column A.
 - State the total percent of each service contracted out to external providers in 2015. In the sections for Complete Levels of Care, do not include contracts for discrete services within those levels of care when calculating percentages.

	FY 2015 service capacity (non-Medicaid only)	Estimated FY 2016 service capacity (non-Medicaid only)	Percent total non-Medicaid capacity provided by external providers in FY 2015*

Crisis Respite Unit	124	194	0
Crisis Transportation	308	308	100%

- 4) List **all** of your FY 2015 Contracts in the tables below. Include contracts with provider organizations and individual practitioners for discrete services. If you have a lengthy list, you may submit it as an attachment using the same format.
- a) In the Provider column, list the name of the provider organization or individual practitioner. The LMHA must have written consent to include the name of an individual peer support provider. For peer providers that do not wish to have their names listed, state the number of individuals (e.g., "3 Individuals").
- b) List the services provided by each contractor, including full levels of care, discrete services (such as CBT, physician services, or family partner services), crisis and other specialty services, and support services (such as pharmacy benefits management, laboratory, etc.).

Provider Availability

NOTE: The LPND process is specific to provider organizations interested in providing full levels of care to the non-Medicaid population or specialty services. It is not necessary to assess the availability of individual practitioners. Procurement for the services of individual practitioners is governed by local needs and priorities.

5) *Using bullet format, list steps the LMHA took to identify potential external providers for this planning cycle.*

- ◆ Reviewed DSHS website to find any available providers who could offer full levels of care in our region.
- ◆ Kept procurement application and LPND document on our website.
- ◆ Contacted external providers (individuals, other agencies, private businesses, etc.) directly.

6) Complete the following table, inserting additional rows as needed.

- ◆ List each potential provider identified during the process described in Item 5 of this section. Include all current contractors, provider organizations that registered on the DSHS website, and provider organizations that have submitted written inquiries since submission of 2012 LPND plan. You will receive notification from DSHS if a provider expresses interest in contracting with you via the DSHS website. Provider inquiry forms will be accepted through the DSHS website through December 31, 2015. **Note:** Do not finalize your provider availability assessment or post the LPND plan for public comment before January 6, 2016.
- ◆ Note the source used to identify the provider (e.g., current contract, DSHS website, LMHA website, e-mail, written inquiry).
- ◆ Summarize the content of the follow-up contact described in Appendix A. If the provider did not respond to your invitation within 14 days, document your actions and the provider’s response. In the final column, note the conclusion regarding the provider’s availability. For those deemed to be potential providers, include the type of services the provider can provide and the provider’s service capacity.

Part II: Required for LMHAs with potential for network development

Procurement Plans

If the assessment of provider availability indicates potential for network development, the LMHA must initiate procurement. 25 TAC §412.754 describes the conditions under which an LMHA may continue to provide services when there are available and appropriate external providers. Include plans to procure complete levels of care or specialty services from provider organizations. Do not include procurement for individual practitioners to provide discrete services.

- 7) *Complete the following table, inserting additional rows as need.*
- ◆ *Identify the service(s) to be procured. Make a separate entry for each service or combination of services that will be procured as a separate contracting unit. Specify Adult or Child if applicable.*
 - ◆ *State the capacity to be procured, and the percent of total capacity for that service.*
 - ◆ *Identify the geographic area for which the service will be procured: all counties or name selected counties.*
 - ◆ *State the method of procurement—open enrollment (RFA) or request for proposal.*
 - ◆ *Document the planned begin and end dates for the procurement, and the planned contract start date.*

Service or Combination of Services to be Procured	Capacity to be Procured	Method (RFA or RFP)	Geographic Area(s) in Which Service(s) will be Procured	Posting Start Date	Posting End Date	Contract Start Date

Rationale for Limitations

NOTE: Network development includes the addition of new provider organizations, services, or capacity to an LMHA's external provider network.

- 8) Complete the following table. Please review 25 TAC §412.755 carefully to be sure the rationale addresses the requirements specified in the rule (See Appendix B).
- ◆ Based on the LMHA's assessment of provider availability, respond to each of the following questions.
 - ◆ If the response to any question is Yes, provide a clear rationale for the restriction based on one of the conditions described in 25 TAC §412.755.
 - ◆ If the restriction applies to multiple procurements, the rationale must address each of the restricted procurements or state that it is applicable to all of the restricted procurements.
 - ◆ The rationale must provide a basis for the proposed level of restriction, including the volume of services to be provided by the LMHA.

	Yes	No	Rationale
1) Are there any services with potential for network development that are not scheduled for procurement?			
2) Are any limitations being placed on percentage of total capacity or volume of services external providers will be able to provide for any service?			
3) Are any of the procurements limited to certain counties within the local service area?			
4) Is there a limitation on the number of providers that will be accepted for any of the procurements?			

9) *If the LMHA will not be procuring all available capacity offered by external contractors for one or more services, identify the planned transition period and the year in which the LMHA anticipates procuring the full external provider capacity currently available (not to exceed the LMHA's capacity).*

Service	Transition Period	Year of Full Procurement

Capacity Development

10) *Using bullet format, describe the strategies the LMHA will use to minimize overhead and administrative costs and achieve purchasing and other administrative efficiencies.*

- ◆
- ◆

11) *List partnerships with other LMHAs related to planning, administration, purchasing and procurement or other authority functions, or service delivery. Include only current, ongoing partnerships.*

Start Date	Partner(s)	Functions

12) *In the table below, document your procurement activity since the submission of your 2012 LPND Plan. Include procurements implemented as part of the LPND plan and any other procurements for complete levels of care and specialty services that have been conducted.*

- ◆ *List each service separately, including the percent of capacity offered and the geographic area in which the service was procured.*
- ◆ *State the results, including the number of providers obtained and the percent of service capacity contracted as a result of the procurement. If no providers were obtained as a result of procurement efforts, state “none.”*
